

HEAVY-DUTY TRUCK MECHANIC

We are looking for a Heavy-Duty Truck Mechanic to work on dump trucks, hydrovac trucks, heavy-duty trucks, semis, service trucks, tool trucks, pick-up trucks, trailers, and small tools.

Responsibilities

- Perform routine preventative maintenance
- Perform repairs after maintenance
- Perform brake diagnosis and repairs
- Diagnose and repair equipment from driver reports
- Perform DOT inspections
- Diagnose and repair bulk unloading equipment
- Diagnose and repair electrical issues
- Follow company safety rules and policies

Skills

- Must be able to lift heavy equipment and parts regularly
- Maintenance experience
- Welding experience a plus
- Valid CDL is a plus but not required
- Ability to work after hours as required
- ASE Certifications an asset
- Must have own hand tools
- Should have basic computer skills
- Complete all required paperwork properly and within set timelines
- Perform pre- and post-trip inspections, as well as routine maintenance
- Ability to use time and equipment efficiently to complete projects on time
- Ability to communicate effectively in a team environment

Requirements

- High school diploma or GED (general education degree)
- Must have a valid insurable driver's license (clean Motor Vehicle Report for past 3 years)
- Class A or Class B CDL preferred but not required with Tanker Endorsement – No Restrictions
- Pass drug test and background check

Other Duties

Please note this job description is not designed to cover or contain a comprehensive listing of activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities, and activities may change at any time with or without notice.
